Dear Minister Hogan,

As a Community Development Project in the East Donegal Area, we are writing to express our grave concern about the future of Donegal Women's Network. Over the past fifteen years we have worked closely with Donegal Women's Network on many levels. The women in our catchment area have participated in many initiatives and training opportunities in addition to attending organised information/celebration days

We have gained awareness of the issues affecting women through the work of the Donegal Women's Network and many women from our rural area have verbalised that they feel their emotional/ mental health and wellbeing has been improved as a direct result of the services provided by Donegal Women's Network

We urge you to honour the commitments made by successive governments to equal rights for women. Money needs to be ring fenced to sustain the work of NCCWN. The work of the network is invaluable.

Yours sincerely,

Brid Foley
Project Co-ordinator
